Ha Noi, Vietnam

Subject: High Vocational Diploma Scholarship Offer for 2025 Academic Year

Excellency,

In recognition of the importance of human resource development for the Socialist Republic of Vietnam, PTT Group is pleased to offer Four (4) High Vocational Diploma Scholarships for the 2025 Academic Year to for the Socialist Republic of Vietnam, through Ministry of Labour - Invalids and Social Affairs, and Ministry of Education and Training.

The qualified scholars can attend a two-year and two-month high vocational diploma in Mini-English program in one of the following fields at IRPC Technological College (IRPCT), Rayong, Thailand.

- Automotive Technology
- Electrical Engineering
- Mechatronics and Robotics
- Petrochemistry
- Energy Technology
- Digital Business Technology
- Accounting

The scholarships shall cover the following key items for the entire duration of program:

- Tuition fee
- Learning tools and equipment
- Accommodation and living expenses
- Economy class round trip ticket
- Health and accident insurance

Application submission can be proceeded during October – November 2024 and nomination of the scholarship candidates shall be made by the second week of December 2024. The Academic Year will start from March 2025.

/ Upon confirmation...

Upon confirmation of the scholarship acceptance and nomination of the candidates, the Ministry of Labour – Invalids and Social Affairs, or any other relevant Vietnam Government Agency and PTT Group shall jointly select the potential applicants with qualified Vietnam matriculation examination and a good command of English, as well as some basic technical skills. The details of the said joint selection are specified in the attachment “**Selection Process and Applicants Qualifications**” enclosed herewith.

We hope that the above offer would provide multiple benefits and support in human resource development for Vietnam as well as further strengthen our relationship. Should you have any query or any discussion on this program, please do not hesitate to contact PTT Group’s Scholarship Program Coordinator:

Selection process and Applicants Qualifications

2025 High Vocational Diploma Scholarship Program

With high recognition of the importance of education and human resource development in the Socialist Republic of Vietnam in the long term, PTT Group is pleased to offer four (4) "PTT Group High Vocational Education Diploma Scholarships" to the students who hold Vietnamese citizenship.

The qualification process are as follows.

1. Qualification process

Mini English Program (Automotive Technology, Electrical Engineering, Mechatronics and Robotics, Petrochemistry, Energy Technology, Digital Business Technology, Accounting)

The process consists of four (4) steps:

a. Written Examination: All the applicants will take a two-hour written examination. The top students will be selected for the next step. Following two test subjects will be part of the written exam/ Intel Iqence Quotient Test.

- **English Test:** This test focuses on comprehensive reading and grammar, equivalent to Grade 12 Standard
- **Mathematics Test:** This test focuses on solving mathematical problems and basic calculus

The examination papers will be prepared and graded by IRPCT Teachers and Staffs.

b. Visual Acuity Test: This test is to check color-blindness of all students who pass the written examination. Students with color blindness can only enroll in certain programs

c. Interview: The remaining students who pass the visual acuity test will sit at a twenty-minute interview session. The interview session will be conducted in English by teachers and staffs from IRPCT. The interview will focus on:

- Interpersonal and Technical Skills Qualifications
- Academic experience
- Career Ambition
- Extracurricular activities

After the interview, the top four (4) students will be selected as our primary candidates for the scholarship and the last four (4) students will be put on a list of reserves. PTT Group will submit the list of primary candidates and reserve for medical examination and announcements.

d. Health Examination: IRPCT is to arrange a medical examination for the primary candidates, and any

reserves (if required). An objective of the Medical examination is to ensure that the selected scholars do not have any serious illness or diseases that could prohibit them from enrolling at the IRPCT, under the health guidelines imposed by Thailand's Ministry of Education. The diseases that would prohibit students from enrolling at the IRPCT include:

- Leprosy
- Tuberculosis (TB)
- Elephantiasis
- Addiction
- Third stage syphilis

Upon completion of the medical examination, PTT Group shall provide name of four (4) scholars, along with their passport information for us to prepare all necessary travel arrangements (e.g. student visa, air tickets, etc.)

2. Schedule and Location of Written Exams, Visual Acuity Tests, and Interview:

The schedule and venue for the written examination, visual acuity test and an interview will be informed upon confirmation of scholarship acceptance, tentatively in December 2024 in Vietnam.

3. Applicants Qualifications:

1. Age not over 25 years
2. Graduated Grade 12 or equivalent
3. GPA at least 70% marks
4. No English language score requirement (applicants will have to take IRPCT's English Test)
5. Physical attributes applicable to technicians, such as physical health, not color blindness, no physical disability, and appropriate weight versus height ratio (weight should not be more than $\text{Height} - 100$, e.g. if height 172 cm, weight should be $172 - 100 = 72$ kg)
6. Be good mannered with no ears piercing and no visible tattoo.
7. Never been socially disgraced and never addicted to any serious drugs prohibited by the law.
8. Never been punished by any previous school in terms of violence.
9. Have a permanent address (evidenced by a copy of the original house registration or any official document issued by the government)
10. Parents and/or guardians shall be responsible for the students' study and behavior.

4. Required Documents:

All applicants should present the following documents during registration on the date of joint selection:

A. Application form (according to attachment #1)	1 copy
B. ID Photo (size 3x4 cm.) (taken no more than 6 months from the date of application)	3 copies
C. Copy of educational certificate (in English)	
I. Academic transcript or scorecard	1 copy
II. Matriculation Exam Completion	1 copy
D. Copy of student ID card	1 copy
E. Copy of the parent and/or guardian's identification card	1 copy
F. Copy of house registration	1 copy
G. Copy of passport (if available)	1 copy
H. Copy of the certificate of name change (if any)	1 copy

5. How to apply:

MECHATRONICS & ROBOTICS

About Learn about modern machine systems such as robots, industrial maintenance robots, automated control systems and IOT.

ENERGY TECHNIQUES (High Vocational Certificate)

- Accepting vocational certificate holders or High school graduates.

Qualification

1. Graduate Vocational Certificate in Auto mechanical, Mechanical, Electrical Power, Electronics or graduate high school. (Science - Mathematics)
2. Age not over 25 years old
3. GPA 2.75 or higher, male, female, healthy, not color blind.

DIGITAL BUSINESS TECHNOLOGY

About Study and practice: applying technology for business computer careers, understanding business computer systems, managing and troubleshooting computer systems, writing small programs, using packaged programs in business, using network systems to Operate and create web pages and write computer control commands in C++ and JAVA.

Business Computer (High Vocational Certificate)

1. Accepting vocational certificate holder or high school (grade12) graduates.
2. Age not over 25 years old.
3. GPA 2.75 or higher, male, female, healthy, not color blind.

AUTOMOTIVE TECHNOLOGY

About Study and practice repair of engines, suspension systems, powertrains, motorcycle electrical systems and other machinery used in industrial plants.

Automotive techniques (High Vocational Certificate)

1. Technical automotive field, accepting vocational certificate graduates.
Industrial mechanical field, accepting high school graduates.
2. Age not over 25 years old.
3. GPA 2.75 or higher, male, female, healthy, not color blind.

ENERGY TECHNOLOGY

About Study and practice maintenance of machinery, electrical power systems and thermal power, lighting and electric power systems, refrigeration and air conditioning systems, select equipment, and conserve energy in buildings and industrial plants.

ENERGY TECHNIQUES (High Vocational Certificate)

- Accepting vocational certificate holders or High school graduates.

Qualification

1. Graduate Vocational Certificate in Auto mechanical, Mechanical, Electrical Power, Electronics or graduate high school (Science - Mathematics)
2. Age not over 25 years old
3. GPA 2.75 or higher, male, female, healthy, not color blind.

ACCOUNTING

About Study and practice basic accounting tasks, bill accounting, company accounting, able to perform accounting tasks in accordance with generally accepted accounting principles. Able to use modern programs, basic accounting, intermediate accounting and advanced accounting, financial accounting and cost accounting, balance sheet, income and cost accounting, closing income and expense accounts.

Accounting (High Vocational Certificate)

1. Accepting vocational certificate holders and high school (12grade) graduates.
2. Age not over 25 years old.
3. GPA 2.75 or higher, male, female, healthy, not color blind.

Petrochemistry

About Study and practice testing the physical and chemical quality of reactants and in-process products in the petrochemical industry. Control, maintain, inspect tools and machinery in the production process used in petrochemical plants and industries.

Petrochemical (High Vocational Certificate)

- Accepting vocational certificate or high school graduates.

Qualification

1. Graduate Vocational Certificate in Auto Mechanical, Mechanical, Electrical Power, Electronics or graduate high school. (Science - Mathematics)
2. GPA 2.75 or higher, male, female, healthy, not color blind.
3. Age not over 25 years old.

ELECTRICAL ENGINEERING

About Study and Practice: Electrical Equipment Installation, Fault Checking, Fixing and Maintaining Electrical Appliances, electromechanical controls, pneumatics, hydraulics, PLC, and refrigeration.

Electrical Power (High Vocational Certificate)

1. Accepting vocational certificate holder or high school (grade12) graduates.
2. Age not over 25 years old.
3. GPA 2.75 or higher, male, female, healthy, not color blind.
